PROFILE

Dedicated and passionate English Teacher with over a year of teaching experience. Proven ability to also introduce students to programming and IT basics, making learning more interactive. Excellence in creativity, problem-solving, time-management, and technical skills. Works well with the team of Web developers, science meetup, and highly participative in business meetings. I have also participated in human rights workshops with organizations such as the Red Cross and some Private sectors, as well as science conferences, which have expanded my knowledge and perspective.

EXPERIENCE

English Teacher & Programming Instructor | Watan All Around Educational Center, 2016 – 2018

Taught English for nearly two years, focusing on grammar, speaking, and writing.

Helped students improve communication skills through interactive lessons.

Taught programming languages such as Python and Java to beginner students.

Web Developer (2018 - Present)

I am a self-taught Web Developer and from 2018 until now I have worked with many webs project and I have developed my own portfolio site(mustafajhon.github.io)

EDUCATION

Information Technology (2019 - 2021)

I have completed a two-year program in Information Technology (IT) in Afghan Institute of Technology (AIT), gaining strong foundations in web development, programming, and computer systems.

Bachelors in Computer Science (Studying Online)

Pursuing an online Bachelor's degree in Computer Science with a focus on web development, programming, and IT fundamentals.
